MODIFICATION TO
REGIONAL GENERAL PERMIT SAJ-82
MINOR WORK THROUGHOUT FLORIDA KEYS IN MONROE COUNTY, FLORIDA

On this date, Regional General Permit SAJ-82 is hereby modified to remove special condition A.7 "Florida Keys National Marine Sanctuary (FKNMS)" requiring written permission from the Florida Keys National Marine Sanctuary prior to verification under SAJ-82. Special condition A.7. below has been deleted.

"7. Florida Keys National Marine Sanctuary (FKNMS): A NOAA Florida Keys National Marine Sanctuary permit or authorization is required for any activity prohibited by 15 CFR §§ 922.163 or 922.164 prior to verification under SAJ-82. If the applicant demonstrates via documentation from NOAA FKNMS that the activity is not prohibited by 15 CFR §§ 922.163 or 922.164, the applicant may proceed without further approval from NOAA FKNMS."

For activities to be conducted in the Sanctuary, permittees are independently responsible for acquiring any required authorization from the Sanctuary, which may occur after the issuance of a GP verification.
